Module Five:
Developing and Supporting a Resilient Team

A CT Transportation Leadership Program REQUIRED Workshop

This module will focus on assessing the qualities of yourself and your staff in order to develop into a resilient team capable of adapting to change and succeeding in crisis.

Using the COVID-19 pandemic as a case study, we will dive into how your existing team has navigated the pandemic, what qualities and resources you need to develop within your team to be successful in the future, and how to hold yourself and your team accountable along the way.

Learning Objectives

Upon completion of this class, participants will be able to:

- Discuss the importance of continuous self and team evaluation.
- Identify strengths and weaknesses in your current team.
- Discuss the leadership qualities needed for creating and supporting a resilient team.
- Discuss opportunities where you and your team can hold each other accountable.
